ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (during the vote). There are 2 minutes remaining in this vote.

□ 1915

So (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

PERSONAL EXPLANATION

Mr. CONYERS. Madam Speaker, on July 20, 2009, I was called away on personal business, I regret that I was not present to vote on the Journal Vote, H. Res. 607, and H.R. 2245.

Had I been present, I would have voted "yea" on all votes.

PERSONAL EXPLANATION

Mr. GUTIERREZ. Madam Speaker, I was unavoidably absent from this Chamber today. Had I been present, I would have voted "yea" on rollcall votes 593, 594 and 595.

MESSAGE FROM THE SENATE

A message from the Senate by Ms. Curtis, one of its clerks, announced that the Senate notifies the House of Representatives that the Senate shall convene as a Court of Impeachment at 2 p.m., on Wednesday, July 22, 2009, for the purpose of receiving the Managers on the part of the House of Representatives in the matter of the Impeachment proceedings against Samuel B. Kent, formerly a Judge of the United States District Court for the Southern District of Texas.

ROSENSTIEL SCHOOL OF MARINE AND ATMOSPHERIC SCIENCE AT THE UNIVERSITY OF MIAMI

(Ms. ROS-LEHTINEN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. Madam Speaker, I am pleased to announce that today the Department of Commerce awarded a \$15 million grant to my alma mater, the University of Miami, for the construction of a new marine science research facility as the Rosenstiel School of Marine and Atmospheric Science. The Rosenstiel School will construct an integrated seawater laboratory building that will also house a state-of-the-art marine life science center. The lab will be the only facility in the world with a wind-wave storm surge simulator capable of generating hurricane-force winds in a three-dimensional test environment.

Building on past initiatives to protect coral reefs and Florida's unique habitat, the University of Miami will conduct research to understand how structures withstand natural disasters, how environmental challenges threaten human health, and how dynamic action can enhance resiliency and protect lives. All of us will be safer due to the advances it will yield in technological innovation, environmental protection and public safety.

Madam Speaker, again, it's a \$15 million grant from the Department of Commerce to my alma mater, the University of Miami, for a new Rosenstiel School of Marine and Atmospheric Science.

EXPRESSING CONCERN FOR THE AMERICAN SOLDIER HELD CAPTIVE IN AFGHANISTAN BY THE TALIBAN

(Ms. JACKSON-LEE of Texas asked and was given permission to address the House for 1 minute.)

Ms. JACKSON-LEE of Texas. Madam Speaker, I rise to express grave concern for one of our soldiers being held in harm's way by the Taliban in Afghanistan. I join with Secretary Gates to call this disgusting. Knowing the brave men and women of the United States military, I know they will not leave one soldier behind. The 18th Congressional District has approximately the largest number of active duty soldiers returning from Iraq and Afghanistan. The numbers are large throughout the State of Texas. We have grave concern and are in sympathy with his family. We want them to know that we do care. We want them to know that as the soldiers are on the battlefield in Afghanistan, we will not stop until he is found.

It is necessary to express our belief that our soldiers are precious. We thank them for the sacrifice they make on behalf of our freedom and know that we will not leave one behind. It is disgusting, and the Taliban need to know we will never give up.

CELEBRATING THE 40TH ANNIVERSARY OF THE APOLLO 11 MISSION

(Mrs. SCHMIDT asked and was given permission to address the House for 1 minute.)

Mrs. SCHMIDT. Madam Speaker, I rise today to honor and celebrate the 40th anniversary of the Apollo 11 mission and, notably, the commander of that crew, Neil Armstrong, as the first person to set foot on the Moon. President John F. Kennedy told a joint session of Congress in 1961: "I believe that this Nation should commit itself to achieving the goal, before this decade is out, of landing a man on the Moon and returning him safely to Earth."

That goal was achieved nearly 8 years later on July 20, 1969, by Ohio's
